Enrollment Form Instructions

Client ID and Employer Name: Enter your Client ID and Employer name in the space indicated. Refer to your employer for the correct Client number and Employer name. Make sure to have this information available when calling for enrollment assistance. Check whether this enrollment is for a new (first-time) enrollment or for the renewal of a previous flexible spending account. If this is a mid-year election, calculate only the number of payroll deductions remaining in the year.

1. Medical Expenses: This amount is usually paid per year toward deductible and co-insurance portions of health insurance, dental expenses, orthodontic expenses, eye care and other miscellaneous health care expenses. After determining the payroll amount, multiply that number by the number of payrolls to determine your annual election. Check with your employer for the amount you may deduct.

2. Dependent Day Care: Amount paid for day care expenses per year. The maximum allowable amount under IRS regulations is \$5,000 per calendar year per family. This limit holds fast regardless of the number of dependents you may have.

3. Non-Employer Sponsored Premium: Privately purchased insurance premiums, including health, disability, cancer and term life insurance. Group insurance premiums deducted from your paycheck for your employer-sponsored plans **DO NOT** qualify within this category. Insurance premiums deducted through your spouse's employer are not eligible. Term life insurance premiums for the employee only can be deducted up to the first \$50,000 (in death benefits), including any term life insurance elected through your employer sponsored premiums to determine limits.

4. Transportation Expenses: Amount paid for costs per year associated with a commuter highway vehicle to travel to and from work. Includes costs associated with transit passes as well as qualified parking. Federal limits apply. Contact your employer or FlexSystem for details.

Questions Frequently Asked by Employees

1. What does FlexSystem offer?

FlexSystem offers you a choice to pay for certain qualified benefits on a pre-tax basis. Paying for certain benefits with pre-tax dollars reduces the amount you pay in taxes and increases your take-home pay. Every dollar paid on a pre-tax basis results in a savings to you. (See example in box.)

2. Any cost or fee to me?

No.

3. Must I participate in my employer's health insurance?

FlexSystem is not tied to any insurance plan or company. You may participate in FlexSystem regardless of your particular insurance provider.

4. What are qualified medical expenses?

These expenses include dental care, prescriptions, eyeglasses, and out-of-pocket medical expenses not covered by insurance. In addition, any over-the-counter medication needed to alleviate or treat personal injuries and/or illness are eligible. However, vitamins and other dietary supplements taken for general health purposes are not eligible. Here are some examples of eligible expenses. (This list is for reference only. 5. How does the Dependent Care Account compare with the tax credit available on the individual Form 1040?

The circumstances that determine which option offers greater savings vary from family to family, as such, the decision to choose the tax credit or the dependent care deduction may be made on a case by case basis only. Participation in FlexSystem results in an immediate savings on Federal, State and Social Security tax, whereas the Federal credit will affect Federal Income Tax only and will be taken at year-end.

6. How does a Cafeteria Plan affect Social Security benefits?

Reduction of your Social Security benefits will be minimal and is offset by the tax savings and lower health care costs available under FlexSystem. To compensate for this minimal reduction you may consider increasing your retirement plan funding.

7. Under what circumstances can the annual election be changed?

The elections may be changed only if there is a change in family or employment status. See the "Change of Elections Form" for more detail.

8. What is the "Use-It-or-Lose-It" rule?

Any funds left unused at the end of the Plan Year are forfeited. Take precautionary steps to avoid having balances in the Flexible Spending Accounts at year-end. The key is to be conservative when making elections.

9. Who determines the rules and regulations of FlexSystem?

Flexible Spending Accounts are regulated by the IRS. Our documentation guidelines are intended as a means to ensure eligibility of your requests for reimbursement. It is the participant's responsibility to comply with these guidelines and to avoid duplication of requests or submission of ineligible charges. Failure to adhere to the above requirements could lead to payment delays or denial of expenses.

In the event of an error or omission in the course of administering the Plan on behalf of the employer and participating employees, TASC will notify and remedy the error or omission within a reasonable period of time following the error or omission. The employer and employees agree to TASC's procedures for making any corrections, including but not limited to payroll reduction. An error by the employer or TASC does not constitute an assumption of liability for the amount of the error.
